BLACK

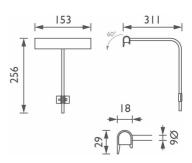

## SLIM-LINE BLACK LED PICTURE LIGHT

The Wallace Picture Light uses cutting-edge technology to provide an even distribution of light to precisely focus on your whole canvas. With an exceptionally high CRI of 97 (R9 value of 90), you can be sure that the true colours of your art will be seen at night. This low glare, easy to install picture light can be mounted both on the wall or the frame. The unique discreet shape shields the light from all angles to minimise glare

LUMINAIRE REF:

PROJECT REF:

The Wallace Picture Light comes with six different head sizes and four arm lengths to fit your art more precisely. Use the chart or ask sales to help select the best size to light your picture. Independently tested by the LIA.
