

## **VORSA PORT 40 WIDE BLACK 2024** SLVP4W025

LUMINAIRE REF:

PROJECT REF:

The new Vorsa Port 40 spotlight has been re-imagined as a simplified mini plaster-in spotlight. It has been reengineered for 2024 with a cleaner aesthetic, an increased light output and an industry-leading light output at 98 CRI. Interchangeable optics allow for a range of beam distributions, all easy to fit on-site. We have introduced a new innovative screwless self-supporting tilt mechanism. It comes complete with recyclable cardboard protection shield for first fix installation. The range has been built to the principles of the circular economy to not only maximise resources but also to reduce waste and environmental impact.

BLACK RAL 9005

## ACCESSORIES
