

VORSA PORT 50 MEDIUM WHITE 2024
SLVP5M015

LUMINAIRE REF:

PROJECT REF:

WHITE RAL 9003

The new Vorsa Port 50 spotlight has been re-imagined as a simplified plaster-in spotlight. It has been re-engineered for 2024 with a cleaner aesthetic, an increased light output and an industry-leading light output at 98 CRI. Interchangeable optics allow for a range of beam distributions, all easy to fit on-site. We have introduced a new innovative screwless self-supporting tilt mechanism. It comes complete with recyclable cardboard protection shield for first fix installation. The range has been built to the principles of the circular economy to not only maximise resources but also to reduce waste and environmental impact.
