

# VORSA TRACK 40 NARROW WHITE 0-10V 2024

## SLVT4N015AN2

LUMINAIRE REF:

PROJECT REF:

BLACK RAL 9005

The updated Vorsa Track 40 is a versatile mini "click and fit" track-mounted directional spotlight. It has been re-engineered for 2024 with a cleaner aesthetic, an increased light output and an industry-leading light output at 98 CRI. Interchangeable optics allow for a range of beam distributions, all easy to fit on-site. Its track architecture facilitates easy changing between different size Vorsa heads when commissioning a scheme. We have introduced a new innovative screwless self-supporting tilt mechanism. This fitting is ideal for use in areas of key areas of the home and is perfect for use on beams and concrete ceilings where recessed fittings are unsuitable. The Vorsa Track 40 can be used on a range of Stucchi track systems including recessed, surface mounted and suspended. Please ask for full details. The range has been built to the principles of the circular economy to not only maximise resources but also to reduce waste and environmental impact.

Rotation 355°    90° Tilt
